I have been an educator for 22 years. I taught for 15 years in the Kuna School District and then moved closer to home to teach 7 years in the Boise School District at Maple Grove Elementary. At the beginning of my teaching career, I was very involved with the local and state association. After having my kids, I focused more on my family responsibilities, as well as my classroom. During that time, I continued to follow and support our local association, but now that my kids are grown, I'm ready to be more involved. I'm running for the IEA Regional Representative on the IEA Board of Directors. I'd like to be in this position to make a difference for our members at a Regional level. I think I bring a lot of experience with being a president and negotiator for my local association, as well as, a grassroots lobbyist. I've been involved with Delegate Assembly and presented a variety of professional development training related to support/assistance for educators. I'm excited for this opportunity and I hope you consider voting for me.
